

National Geothermal Academy

Reservoir Engineering Course – June 20-24, 2016

The National Geothermal Academy presents a one-week intensive Geo-Engineering Short Course focused on reservoir engineering taught by an expert in the field. The course is open to students and professionals from around the world. The course will occur at the University of Nevada, Reno (UNR), Redfield Campus, in Reno, Nevada June 20-24, 2016.

The course is offered to students for 2 academic credits at either the undergraduate or graduate level. A non-credit option is offered to professionals. Classroom instruction will occur at UNR's Redfield campus in south Reno. This is an intensive course that runs from 8:30 AM to 4:30 PM every day. The NGA is intended for outstanding undergraduates, graduate students, and professionals. Strong academic preparation in quantitative fields is expected. This course is open to both domestic and international applicants.

	Students	Professionals
Who	Currently enrolled undergrad and grad students Recent graduates (within 3 years) who are not yet professionally employed	Professionals
Earn	2 academic credits Certificate of Achievement	Certificate of Achievement
Apply	Applications accepted through April 22	Applications accepted through June 6
Register	Registration, immunizations, \$500 deposit due May 6 All remaining fees due June 1	Registration and all fees due June 13
Cost	Program fee: \$2000 Room and board fee: \$500 – <i>Additional, optional fee. Includes a single dorm room with linens on UNR main campus, meals provided at dining hall. Participants will have to cover 3 lunches; we will make this as easy as possible. This fee also includes transportation between the dormitory and Redfield campus.</i>	

Topics to be covered during the 2016 Course:

- Volumetrics
- Wellbore calculations
- Well test analysis
- Decline curve analysis
- Reservoir simulation
- Reinjection
- Worldwide field experiences

Apply: Please download and complete the application form if you are interested in participating in the 2016 National Geothermal Academy – Reservoir Engineering Course: <http://www.gbcge.org/education-NGA.php>. Please email geothermal@unr.edu with any questions.

Please note all fees are in US Dollars.
